JOURNAL OF SPEECH AND HEARING DISORDERS
INDEX TO VOLUME 55, 1990

AUTHOR INDEX 807

SUBJECT INDEX 809

TITLE INDEX 813

AUTHOR INDEX

Abbeduto, L. *See* Byrne et al., Feb. 1990, 118–123.

Allen, G.D. *See* Kangas & Allen, Nov. 1990, 751–755.

Anderson, J.L. *See* Gillam et al., Nov. 1990, 729–739.

Angelo, D.H., & Goldstein, H. Effects of a pragmatic teaching strategy for requesting information by communication board users. May 1990, 231–243.

Armstrong, B.L. *See* Klein et al., May 1990, 339–344.

Aronson, A.E. *See* Sapir & Aronson, Aug. 1990, 503–509.

Audet, L.R. *See* Prizant et al., May 1990, 179–192.

Awan, S.N., & Mueller, P.B. Comment on "Methodological variables affecting phonational frequency range in adults." Nov. 1990, 804–805.

Bakker, K., & Brutten, G.J. Speech-related reaction times of stutterers and nonstutterers: Diagnostic implications. May 1990, 295–299.

Bayles, K.A., & Tomoeda, C.K. Delayed recall deficits in aphasic stroke patients: Evidence of Alzheimer's dementia? May 1990, 310–314.

Beattie, R.C., & Zipp, J.A. Range of intensities yielding PB Max and the threshold for monosyllabic words for hearing-impaired subjects. Aug. 1990, 417–426.

Bell, J.N. *See* Runyan et al., Aug. 1990, 434–438.

Bernthal, J.E. *See* Smit et al., Nov. 1990, 779–798.

Beukelman, D. *See* Yorkston et al., May 1990, 217–224.

Beukelman, D.R. *See* Yorkston et al., May 1990, 225–230.

Beukelman, D.R. *See* Yorkston et al., Aug. 1990, 550–560.

Bird, A. *See* Smit et al., Nov. 1990, 779–798.

Bleile, K.M. *See* Folkins & Bleile, Nov. 1990, 596–611.

Blocker, S.D. *See* Wolfe & Blocker, Aug. 1990, 561–566.

Blood, G.W. *See* Collins & Blood, Feb. 1990, 75–81.

Bloodstein, O. On pluttering, skivering, and floggering: A commentary. Aug. 1990, 392–393.

Braverman, K.M. *See* Huntress et al., Feb. 1990, 21–27.

Brinton, B., & Fujiki, M. A response to Dr. Meline's request for clarification. Feb. 1990, 171–172.

Britto, A.I., & Doyle, P.C. A comparison of habitual and derived optimal voice fundamental frequency values in normal young adults. Aug. 1990, 476–484.

Broen, P.A., & Westman, M.J. Project Parent: A preschool speech program implemented through parents. Aug. 1990, 495–502.

Brooks, B.R. *See* Kent et al., Nov. 1990, 721–728.

Brooks, P. *See* Byrne et al., Feb. 1990, 118–123.

Brookshire, R.H. *See* Correia et al., Nov. 1990, 713–720.

Brown, F.R., III. *See* Klein et al., May 1990, 339–344.

Brutten, G.J. *See* Bakker & Brutten, May 1990, 295–299.

Buhr, J.C. *See* Rice et al., Feb. 1990, 33–42.

Burke, G.M. *See* Prizant et al., May 1990, 179–192.

Burroughs, E.I., & Tomblin, J.B. Speech and language correlates of adults' judgments of children. Aug. 1990, 485–494.

Byrne, K., Abbeduto, L., & Brooks, P. The language of children with spina bifida and hydrocephalus: Meeting task demands and mastering syntax. Feb. 1990, 118–123.

Campbell, T.F., & Dollaghan, C.A. Expressive language recovery in severely brain-injured children and adolescents. Aug. 1990, 567–581.

Campbell, T.F. *See* Dollaghan et al., Aug. 1990, 582–590.

Caswell, S. *See* Wilcox et al., Nov. 1990, 679–693.

Causey, G.D. *See* Wilson et al., Nov. 1990, 771–778.

Chaiklin, J.B. A descending LOT-Bekesy screening test for functional hearing loss. Feb. 1990, 67–74.

Chapman, R.S., Kay-Raining Bird, E., & Schwartz, S.E. Fast mapping of words in event contexts by children with Down syndrome. Nov. 1990, 761–771.

Chin, S.B. *See* Elbert et al., Nov. 1990, 694–699.

Coggins, T.E. *See* Platt & Coggins, May 1990, 315–326.

Cohen, C.G. *See* Frumkin & Cohen, May 1990, 364.

Collins, C.R., & Blood, G.W. Acknowledgment and severity of stuttering as factors influencing nonstutterers' perceptions of stutterers. Feb. 1990, 75–81.

Conti-Ramsden, G. Maternal recasts and other contingent replies to language-impaired children. May 1990, 262–274.

Corlew, M.M. *See* Martin & Corlew, Feb. 1990, 28–32.

Correia, L., Brookshire, R.H., & Nicholas, L.E. Aphasic and non-brain-damaged adults' descriptions of aphasia test pictures and gender-biased pictures. Nov. 1990, 713–720.

Costa, L. *See* Onslow et al., Aug. 1990, 405–416.

Craig, A. An investigation into the relationship between anxiety and stuttering. May 1990, 290–294.

Creaghead, N.A. *See* Huntress et al., Feb. 1990, 21–27.

Crowe, T.A. *See* Walton et al., May 1990, 206–216.

Dalston, E.T. *See* Dalston et al., Aug. 1990, 510–515.

Dalston, R.M., Warren, D.W., & Dalston, E.T. The modified tongue-anchor technique as a screening test for velopharyngeal inadequacy: A reassessment. Aug. 1990, 510–515.

Danhauer, J.L. *See* Doyle et al., Nov. 1990, 756–760.

Demetras, M.J. *See* McCauley & Demetras, Aug. 1990, 468–475.

Dinnsen, D.A. *See* Elbert et al., Nov. 1990, 694–699.

Dobres, R., Lee, L., Stemple, J.C., Kummer, A.W., & Kretschmer, L.W. Description of laryngeal pathologies in children evaluated by otolaryngologists. Aug. 1990, 526–532.

Dollaghan, C.A. *See* Campbell & Dollaghan, Aug. 1990, 567–581.

SUBJECT INDEX

The speech and language characteristics of children with Prader-Willi syndrome. Kleppe, S.A., Katayama, K.M., Shipley, K.G., & Foushee, D.R. May 1990, 300–309.
The incidence of communication disorders in dysphagic patients. Martin, B.J.W., & Corlew, M.M. Feb. 1990, 28–32.

HEARING

NATURE OF HEARING AND ITS DISORDERS

Normal Auditory Systems

Normative data in quiet, broadband noise, and competing message for Northwestern University Auditory Test No. 6 by a female speaker. Wilson, R.H., Zizz, C.A., Shanks, J.E., & Causey, G.D. Nov. 1990, 771–778.

Auditory and Other Otic Pathologies

Characterization of tinnitus by tinnitus patients. Stouffer, J.L., & Tyler, R.S. Aug. 1990, 439–453.
Hyperacusis and otitis media in individuals with Williams syndrome. Klein, A.J., Armstrong, B.L., Greer, M.K., & Brown, F.R., III. May 1990, 339–344.
The reliability of functional gain. Humes, L.E., & Kirn, E.U. May 1990, 193–197.

Hearing Loss and Deafness

Acoustic reflex thresholds in normal and cochlear-impaired ears: Effects of no response rates on 90th percentiles in a large sample. Gelfand, S.A., Schwander, T., & Silman, S. May 1990, 198–205.
A descending LOT-Bekesy screening test for functional hearing loss. Chaiklin, J.B. Feb. 1990, 67–74.
Distinctive feature scoring of the California Consonant Test. Feeney, M.P. May 1990, 282–289.
Intelligibility of synthetic speech for normal-hearing and hearing-impaired listeners. Kangas, K.A., & Allen, G.D. Nov. 1990, 751–755.
Parents' use of Signing Exact English: A descriptive analysis. Moeller, M.P., & Luetke-Stahlman, B. May 1990, 327–338.
Range of intensities yielding PB Max and the threshold for monosyllabic words for hearing-impaired subjects. Beattie, R.C., & Zipp, J.A. Aug. 1990, 417–426.
The relationship between communication problems and psychological difficulties in persons with profound acquired hearing loss. Knutson, J.F., & Lansing, C.R. Nov. 1990, 656–664.
The reliability of functional gain. Humes, L.E., & Kirn, E.U. May 1990, 193–197.
Sources of variability contributing to test-retest differences in threshold-based Articulation Indices. Mason, D., & Rochman, A. May 1990, 275–281.
Spoken and written English errors of postsecondary students with severe hearing impairment. McAfee, M.C., Kelly, J.F., & Samar, V.J. Nov. 1990, 628–634.

Effects of Noise and Issues in Hearing Conversation

Characterization of tinnitus by tinnitus patients. Stouffer, J.L., & Tyler, R.S. Aug. 1990, 439–453.

ASSESSMENT OF HEARING

Psychoacoustics

Sources of variability contributing to test-retest differences in threshold-based Articulation Indices. Mason, D., & Rochman, A. May 1990, 275–281.

Acoustical Instruments, Measurements, and Standards

The reliability of functional gain. Humes, L.E., & Kirn, E.U. May 1990, 193–197.

Diagnostic Audiology—General

Range of intensities yielding PB Max and the threshold for monosyllabic words for hearing-impaired subjects. Beattie, R.C., & Zipp, J.A. Aug. 1990, 417–426.
The relationship between communication problems and psychological difficulties in persons with profound acquired hearing loss. Knutson, J.F., & Lansing, C.R. Nov. 1990, 656–664.

Specific Diagnostic Techniques and Approaches

A descending LOT-Bekesy screening test for functional hearing loss. Chaiklin, J.B. Feb. 1990, 67–74.

Specific Diagnostic Techniques and Approaches

ACOUSTIC IMMITTANCE

Acoustic reflex thresholds in normal and cochlear-impaired ears: Effects of no response rates on 90th percentiles in a large sample. Gelfand, S.A., Schwander, T., & Silman, S. May 1990, 198–205.

SPEECH

Distinctive feature scoring of the California Consonant Test. Feeney, M.P. May 1990, 282–289.
Normative data in quiet, broadband noise, and competing message for Northwestern Univer-

sity Auditory Test No. 6 by a female speaker. Wilson, R.H., Zizz, C.A., Shanks, J.E., & Causey, G.D. Nov. 1990, 771–778.

Range of intensities yielding PB Max and the threshold for monosyllabic words for hearing-impaired subjects. Beattie, R.C., & Zipp, J.A. Aug. 1990, 417–426.

Intervention

Habilitation, Rehabilitation, and Education

Effects of repair strategies on visual identification of sentences. Tye-Murray, N., Purdy, S.C., Woodworth, G.G., & Tyler, R.S. Nov. 1990, 621–627.

Parents' use of Signing Exact English: A descriptive analysis. Moeller, M.P., & Luetke-Stahlman, B. May 1990, 327–338.

The relationship between communication problems and psychological difficulties in persons with profound acquired hearing loss. Knutson, J.F., & Lansing, C.R. Nov. 1990, 656–664.

Hearing Aids and Other Prostheses

Range of intensities yielding PB Max and the threshold for monosyllabic words for hearing-impaired subjects. Beattie, R.C., & Zipp, J.A. Aug. 1990, 417–426.

The reliability of functional gain. Humes, L.E., & Kirn, E.U. May 1990, 193–197.

Genetic Syndromes

The speech and language characteristics of children with Prader-Willi syndrome. Kleppe, S.A., Katayama, K.M., Shipley, K.G., & Foushee, D.R. May 1990, 300–309.

LANGUAGE

Nature of Normal Language

Language Development

"A spinach with a V on it": What 3-year-olds see in standard and enhanced Blissymbols. Raghavendra, P., & Fristoe, M. Feb. 1990, 149–159.

Comprehension monitoring in language-disordered children: A preliminary investigation of cognitive and linguistic factors. Skarakis-Doyle, E.A., & Mullin, K. Nov. 1990, 700–705.

Comprehension of reversible sentences in specifically language-impaired children. Van der Lely, H.K.J., & Harris, M. Feb. 1990, 101–117.

Comprehension of social-action games in prelinguistic children: Levels of participation and effect of adult structure. Platt, J., & Coggins, T.E. May 1990, 315–326.

Fast mapping word-learning abilities of language-delayed preschoolers. Rice, M.L., Buhr, J.C., & Nemeth, M. Feb. 1990, 33–42.

Linguistic humor comprehension of normal and language-impaired adolescents. Spector, C.C. Aug. 1990, 533–541.

Maternal recasts and other contingent replies to language-impaired children. Conti-Ramsden, G. May 1990, 262–274.

Nonverbal indicants of comprehension monitoring in language-disordered children. Skarakis-Doyle, E., MacLellan, N., & Mullin, K. Aug. 1990, 461–467.

A response to Dr. Meline's request for clarification. Brinton, B., & Fujiki, M. Feb. 1990, 171–172.

Speech and language correlates of adults' judgments of children. Burroughs, E.I., & Tomblin, J.B. Aug. 1990, 485–494.

Taxonomies in biology, phonetics, phonology, and speech motor control. Folkins, J.W., & Bleile, K.M. Nov. 1990, 596–611.

Language Differences and Different Languages

Black English in a Mississippi prison population. Walton, J.H., McCardle, P., Crowe, T.A., & Wilson, B.E. May 1990, 206–216.

Language Disorders

Aphasia and Other Adult Language Disorders

Aphasic and non-brain-damaged adults' descriptions of aphasia test pictures and gender-biased pictures. Correia, L., Brookshire, R.H., & Nicholas, L.E. Nov. 1990, 713–720.

Aphasic subjects' comprehension of synthetic and natural speech. Huntress, L.M., Lee, L., Creaghead, N.A., Wheeler, D.D., & Braverman, K.M. Feb. 1990, 21–27.

Delayed recall deficits in aphasic stroke patients: Evidence of Alzheimer's dementia? Bayles, K.A., & Tomoeda, C.K. May 1990, 310–314.

Response to Hamre. Robin, D.A. Nov. 1990, 801–802.

Spoken and written English errors of postsecondary students with severe hearing impairment. McAfee, M.C., Kelly, J.F., & Samar, V.J. Nov. 1990, 628–634.

Subcortical lesions and aphasia. Robin, D.A., & Schienberg, S. Feb. 1990, 90–100.

Very persistent subcortical aphasia. Hamre, C.E. Nov. 1990, 799–801.

Language Disorders in Children

Analogical learning and transfer in language-impaired children. Kamhi, A.G., Gentry, B., Mauer, D., & Gholson, B. Feb. 1990, 140–148.

Comments on "Concomitant speech and language disorders in stuttering children: A critique of the literature." Starkweather, C.W. Nov. 1990, 802–803.

Communication disorders and emotional/behavioral disorders in children and adolescents. Prizant, B.M., Audet, L.R., Burke, G.M., Hummel, L.J., Maher, S.R., & Theadore, G. May 1990, 179–192.

Comprehension monitoring in language-disordered children: A preliminary investigation of cognitive and linguistic factors. Skarakis-Doyle, E.A., & Mullin, K. Nov. 1990, 700–705.

Comprehension of reversible sentences in specifically language-impaired children. Van der Lely, H.K.J., & Harris, M. Feb. 1990, 101–117.

Concomitant speech and language disorders in stuttering children: A critique of the literature. Nippold, M.A. Feb. 1990, 51–60.

Correction to "Maternal question use predicts later language development in specific-language-disordered children." Yoder, P.J. May 1990, 365.

Expressive language recovery in severely brain-injured children and adolescents. Campbell, T.F., & Dollaghan, C.A. Aug. 1990, 567–581.

Familial phonological disorders: Four pedigrees. Lewis, B.A. Feb. 1990, 160–170.

Fast mapping word-learning abilities of language-delayed preschoolers. Rice, M.L., Buhr, J.C., & Nemeth, M. Feb. 1990, 33–42.

Generalized learning of receptive and expressive action-object responses by language-delayed preschoolers. Mineo, B.A., & Goldstein, H. Nov. 1990, 665–678.

The identification of language impairment in specifically language-impaired subjects. McCauley, R.J., & Demetras, M.J. Aug. 1990, 468–475.

The language of children with spina bifida and hydrocephalus: Meeting task demands and mastering syntax. Byrne, K., Abbeduto, L., & Brooks, P. Feb. 1990, 118–123.

Maternal recasts and other contingent replies to language-impaired children. Conti-Ramsden, G. May 1990, 262–274.

Nonverbal indicants of comprehension monitoring in language-disordered children. Skarakis-Doyle, E., MacLellan, N., & Mullin, K. Aug. 1990, 461–467.

Reply to Wall and Starkweather. Nippold, M.A. Nov. 1990, 803–804.

A request for clarification of *Huh?*, *What?*, and *I didn't understand that*. Meline, T.J. Feb. 1990, 171.

A response to Dr. Meline's request for clarification. Brinton, B., & Fujiki, M. Feb. 1990, 171–172.

Speech and language development after infant tracheostomy. Hill, B.P., & Singer, L.T. Feb. 1990, 15–20.

Video narration as a language sampling context. Dollaghan, C.A., Campbell, T.F., & Tomlin, R. Aug. 1990, 582–590.

Who shall be called language disordered? Some reflections and one perspective. Lahey, M. Nov. 1990, 612–620.

Language Disorders in Mental Retardation

Effects of a pragmatic teaching strategy for requesting information by communication board users. Angelo, D.H., & Goldstein, H. May 1990, 231–243.

Fast mapping of words in event contexts by children with Down syndrome. Chapman, R.S., Kay-Raining Bird, E., & Schwartz, S.E. Nov. 1990, 761–771.

Language Disorders in Personality and Psychiatric Disturbances

Communication disorders and emotional/behavioral disorders in children and adolescents. Prizant, B.M., Audet, L.R., Burke, G.M., Hummel, L.J., Maher, S.R., & Theadore, G. May 1990, 179–192.

Delayed recall deficits in aphasic stroke patients: Evidence of Alzheimer's dementia? Bayles, K.A., & Tomoeda, C.K. May 1990, 310–314.

Assessment and Intervention

Screening

Black English in a Mississippi prison population. Walton, J.H., McCardle, P., Crowe, T.A., & Wilson, B.E. May 1990, 206–216.

Who shall be called language disordered? Some reflections and one perspective. Lahey, M. Nov. 1990, 612–620.

Assessment

Comprehension of reversible sentences in specifically language-impaired children. Van der Lely, H.K.J., & Harris, M. Feb. 1990, 101–117.

Comprehension of social-action games in prelinguistic children: Levels of participation and effect of adult structure. Platt, J., & Coggins, T.E. May 1990, 315–326.

Delayed recall deficits in aphasic stroke patients: Evidence of Alzheimer's dementia? Bayles, K.A., & Tomoeda, C.K. May 1990, 310–314.

The identification of language impairment in specifically language-impaired subjects. McCauley, R.J., & Demetras, M.J. Aug. 1990, 468–475.

Maternal recasts and other contingent replies to language-impaired children. Conti-Ramsden, G. May 1990, 262–274.

A request for clarification of *Huh?*, *What?*, and *I didn't understand that*. Meline, T.J. Feb. 1990, 171.

Video narration as a language sampling context. Dollaghan, C.A., Campbell, T.F., & Tomlin, R. Aug. 1990, 582–590.

Who shall be called language disordered? Some reflections and one perspective. Lahey, M. Nov. 1990, 612–620.

Intervention

Effects of a pragmatic teaching strategy for requesting information by communication board users. Angelo, D.H., & Goldstein, H. May 1990, 231–243.

Fast mapping word-learning abilities of language-delayed preschoolers. Rice, M.L., Buhr, J.C., & Nemeth, M. Feb. 1990, 33–42.

A request for clarification of *Huh?*, *What?*, and *I didn't understand that*. Meline, T.J. Feb. 1990, 171.

Nonspeech Communications Systems

"A spinach with a V on it": What 3-year-olds see in standard and enhanced Blissymbols. Raghavendra, P., & Fristoe, M. Feb. 1990, 149–159.

Effects of a pragmatic teaching strategy for requesting information by communication board users. Angelo, D.H., & Goldstein, H. May 1990, 231–243.
Extended communication samples of augmented communicators I: A comparison of individualized versus standard single-word vocabularies. Yorkston, K.M., Smith, K., & Beukelman, D. May 1990, 217–224.
Extended communication samples of augmented communicators II: Analysis of multiword sequences. Yorkston, K.M., Beukelman, D.R., Smith, K., & Tice, R. May 1990, 225–230.
Intelligibility of synthetic speech for normal-hearing and hearing-impaired listeners. Kangas, K.A., & Allen, G.D. Nov. 1990, 751–755.

CO-OCCURRENCE

The incidence of communication disorders in dysphagic patients. Martin, B.J.W., & Corlew, M.M. Feb. 1990, 28–32.

EXPRESSIVE LANGUAGE RECOVERY

Expressive language recovery in severely brain-injured children and adolescents. Campbell, T.F., & Dollaghan, C.A. Aug. 1990, 567–581.

PRESYMBOLIC COMMUNICATION

Partner sensitivity to communication behavior of young children with developmental disabilities. Wilcox, M., Kouri, T., & Caswell, S. Nov. 1990, 679–693.

SPEECH

NATURE OF NORMAL SPEECH

Development of Speech and Voice

The Iowa Articulation Norms Project and its Nebraska replication. Smit, A.B., Hand, L., Freilinger, J.J., Bernthal, J.E., & Bird, A. Nov. 1990, 779–798.
Phonational frequency range: Reply to Awan & Mueller (1990). Reich, A.R., Frederickson, R.R., Mason, J.A., & Schlauch, R.S. Nov. 1990, 805–806.
Taxonomies in biology, phonetics, phonology, and speech motor control. Folkins, J.W., & Bleile, K.M. Nov. 1990, 596–611.

Anatomy and Physiology of the Adult Speech System

A comparison of habitual and derived optimal voice fundamental frequency values in normal young adults. Britto, A.I., & Doyle, P.C. Aug. 1990, 476–484.
Methodological variables affecting phonational frequency range in adults. Reich, A.R., Frederickson, R.R., Mason, J.A., & Schlauch, R.S. Feb. 1990, 124–131.
Phonational frequency range: Reply to Awan & Mueller (1990). Reich, A.R., Frederickson, R.R., Mason, J.A., & Schlauch, R.S. Nov. 1990, 805–806.
A SINDSCAL analysis of perceptual features for consonants produced by esophageal and tracheoesophageal talkers. Doyle, P.C., Danhauer, J.L., & Mendel, L.L. Nov. 1990, 756–760.

Perception of Speech

Intelligibility of synthetic speech for normal-hearing and hearing-impaired listeners. Kangas, K.A., & Allen, G.D. Nov. 1990, 751–755.
Intonation and fundamental frequency in male-to-female transsexuals. Wolfe, V.I., Ratusnik, D.L., Smith, F.H., & Northrop, G. Feb. 1990, 43–50.
A SINDSCAL analysis of perceptual features for consonants produced by esophageal and tracheoesophageal talkers. Doyle, P.C., Danhauer, J.L., & Mendel, L.L. Nov. 1990, 756–760.

SPEECH AND VOICE DISORDERS

Articulation and Resonance Disorders

Acoustic validation of phonological knowledge and its relationship to treatment. Tyler, A.A., Edwards, M.L., & Saxman, J.H. May 1990, 251–261.
A child with signs of developmental apraxia of speech with whom a palatal lift prosthesis was used to manage palatal dysfunction. Hall, P.K., Hardy, J.C., & LaVelle, W.E. Aug. 1990, 454–460.
Consonant-vowel interaction in an unusual phonological system. Wolfe, V.I., & Blocker, S.D. Aug. 1990, 561–566.
Generalization to conversational speech. Elbert, M., Dinnsen, D.A., Swartzlander, P., & Chin, S.B. Nov. 1990, 694–699.
Impairment of speech intelligibility in men with amyotrophic lateral sclerosis. Kent, R.D., Kent, J.F., Weismer, G., Sufit, R.L., Rosenbek, J.C., Martin, R.E., & Brooks, B.R. Nov. 1990, 721–728.
Phoneme-specific nasal emission in children with and without physical anomalies of the velopharyngeal mechanism. Peterson-Falzone, S.J., & Graham, M.S. Feb. 1990, 132–139.
Project Parent: A preschool speech program implemented through parents. Broen, P.A., & Westman, M.J. Aug. 1990, 495–502.
Reply to Wail and Starkweather. Nippold, M.A. Nov. 1990, 803–804.
Speech analyses of four children with repaired cleft palates. Powers, G.P., Dunn, C., & Erickson, C.B. Aug. 1990, 542–549.
The speech and language characteristics of children with Prader-Willi syndrome. Kleppe, S.A., Katayama, K.M., Shipley, K.G., & Foushee, D.R. May 1990, 300–309.
Tabletop versus microcomputer-assisted speech management: Response evocation phase. Shriberg, L.D., Kwiatkowski, J., & Snyder, T. Nov. 1990, 635–655.
Taxonomies in biology, phonetics, phonology, and speech motor control. Folkins, J.W., & Bleile, K.M. Nov. 1990, 596–611.

Craniofacial and Other Anomalies

The modified tongue-anchor technique as a screening test for velopharyngeal inadequacy: A reassessment. Dalston, R.M., Warren, D.W., & Dalston, E.T. Aug. 1990, 510–515.
Patient compliance with cleft palate team regimens. Paynter, E.T., Jordan, W.J., & Finch, D.L. Nov. 1990, 740–750.
Speech analyses of four children with repaired cleft palates. Powers, G.P., Dunn, C., & Erickson, C.B. Aug. 1990, 542–549.

Physiologically Based Speech Disorders

Acoustic analysis of voice in amyotrophic lateral sclerosis: A longitudinal case study. Ramig, L.O., Scherer, R.C., Klasner, E.R., Titze, I.R., & Horii, Y. Feb. 1990, 2–14.
The effects of rate control on the intelligibility and naturalness of dysarthric speech. Yorkston, K.M., Hammen, V.L., Beukelman, D.R., & Traynor, C.D. Aug. 1990, 550–560.
Expressive language recovery in severely brain-injured children and adolescents. Campbell, T.F., & Dollaghan, C.A. Aug. 1990, 567–581.
Impairment of speech intelligibility in men with amyotrophic lateral sclerosis. Kent, R.D., Kent, J.F., Weismer, G., Sufit, R.L., Rosenbek, J.C., Martin, R.E., & Brooks, B.R. Nov. 1990, 721–728.
Perceptual characteristics of consonant productions by apraxic speakers. Odell, K., McNeil, M.R., Rosenbek, J.C., & Hunter, L. May 1990, 345–359.
The speech and language characteristics of children with Prader-Willi syndrome. Kleppe, S.A., Katayama, K.M., Shipley, K.G., & Foushee, D.R. May 1990, 300–309.
Taxonomies in biology, phonetics, phonology, and speech motor control. Folkins, J.W., & Bleile, K.M. Nov. 1990, 596–611.
Toward a comprehensive theory of stuttering: A commentary. Smith, A. Aug. 1990, 398–401.

Speech and Voice Disorders in Personality and Psychiatric Disturbances

The relationship between psychopathology and speech and language disorders in neurologic patients. Sapir, S., & Aronson, A.E. Aug. 1990, 503–509.

Stuttering and Other Fluency Disturbances

Acknowledgment and severity of stuttering as factors influencing nonstutterers' perceptions of stutterers. Collins, C.R., & Blood, G.W. Feb. 1990, 75–81.
Acoustic and psychophysical dimensions of perceived speech naturalness of nonstutterers and posttreatment stutterers. Metz, D.E., Schiavetti, N., & Sacco, P.R. Aug. 1990, 516–525.
Clinical implications from Meyers (1989) on preschool stutterers and their conversational partners: Too much ado about null. Finn, P., & Gow, M. Feb. 1990, 172–173.
Comment on "Concomitant speech and language disorders in stuttering children: A critique of the literature." Wall, M.J. Nov. 1990, 802.
Commentary on Perkins (1990) and Moore and Perkins (1990): On the valid role of reliability in identifying "what is stuttering." Ingham, R.J. Aug. 1990, 394–397.
Comments on "Concomitant speech and language disorders in stuttering children: A critique of the literature." Starkweather, C.W. Nov. 1990, 805–803.
Concomitant speech and language disorders in stuttering children: A critique of the literature. Nippold, M.A. Feb. 1990, 51–60.
Direct early intervention with stuttering: Some preliminary data. Onslow, M., Costa, L., & Rue, S. Aug. 1990, 405–416.
Gratitude, good intentions, and red herrings: A response to commentaries. Perkins, W.H. Aug. 1990, 402–404.
An investigation into the relationship between anxiety and stuttering. Craig, A. May 1990, 290–294.
On pluttering, skivering, and floggering: A commentary. Bloodstein, O. Aug. 1990, 392–393.
Reply to Wall and Starkweather. Nippold, M.A. Nov. 1990, 803–804.
Speech naturalness ratings of treated stutterers. Runyan, C.M., Bell, J.N., & Prosek, R.A. Aug. 1990, 434–438.
Speech-related reaction times of stutterers and nonstutterers: Diagnostic implications. Bakker, K., & Brutten, G.J. May 1990, 295–299.
Tempest in a *t*-test? A reply to Finn and Gow. Meyers, S.C. Feb. 1990, 173–174.
Toward a comprehensive theory of stuttering: A commentary. Smith, A. Aug. 1990, 398–401.
Validity and reliability of judgments of authentic and simulated stuttering. Moore, S.E., & Perkins, W.H. Aug. 1990, 383–391.
Verbal behaviors of preschool stutterers and conversational partners: Observing reciprocal relationships. Meyers, S.C. Nov. 1990, 706–712.
What is stuttering? Perkins, W.H. Aug. 1990, 370–382.

Voice and Other Laryngeal Disorders

Acoustic analysis of voice in amyotrophic lateral sclerosis: A longitudinal case study. Ramig, L.O., Scherer, R.C., Klasner, E.R., Titze, I.R., & Horii, Y. Feb. 1990, 2–14.
Acoustic characteristics of female tracheoesophageal speech. Trudeau, M.D., & Qi, Y. May 1990, 244–250.
Acoustical effects of endotracheal intubation. Yonick, T.A., Reich, A.R., Minifie, F.D., & Fink, B.R. Aug. 1990, 427–433.
Comment on "Methodological variables affecting phonational frequency range in adults." Awan, S.N., & Mueller, P.B. Nov. 1990, 804–805.
A comparison of habitual and derived optimal voice fundamental frequency values in normal young adults. Britto, A.I., & Doyle, P.C. Aug. 1990, 476–484.
Consistency of fundamental frequency and perturbation in repeated phonations of sustained vowels, reading, and connected speech. Fitch, J.L. May 1990, 360–363.
Description of laryngeal pathologies in children evaluated by otolaryngologists. Dobres, R., Lee, L., Stemple, J.C., Kummer, A.W., & Kretschmer, L.W. Aug. 1990, 526–532.
Methodological variables affecting phonational frequency range in adults. Reich, A.R.,

Frederickson, R.R., Mason, J.A., & Schlauch, R.S. Feb. 1990, 124–131.
Phonational frequency range. Reply to Awan & Mueller (1990). Reich, A.R., Frederickson, R.R., Mason, J.A., & Schlauch, R.S. Nov. 1990, 805–806.
A SINDSCAL analysis of perceptual features for consonants produced by esophageal and tracheoesophageal talkers. Doyle, P.C., Danhauer, J.L., & Mendel, L.L. Nov. 1990, 756–760.
Vibratory characteristics of Teflon-injected and noninjected paralyzed vocal folds. Watterson, T., McFarlane, S.C., & Menicucci, A.L. Feb. 1990, 61–66.

ASSESSMENT AND INTERVENTION

Screening

Acoustical effects of endotracheal intubation. Yonick, T.A., Reich, A.R., Minifie, F.D., & Fink, B.R. Aug. 1990, 427–433.
Black English in a Mississippi prison population. Walton, J.H., McCardle, P., Crowe, T.A., & Wilson, B.E. May 1990, 206–216.
Methodological variables affecting phonational frequency range in adults. Reich, A.R., Frederickson, R.R., Mason, J.A., & Schlauch, R.S. Feb. 1990, 124–131.
The modified tongue-anchor technique as a screening test for velopharyngeal inadequacy: A reassessment. Dalston, R.M., Warren, D.W., & Dalston, E.T. Aug. 1990, 510–515.
Phonational frequency range: Reply to Awan & Mueller (1990). Reich, A.R., Frederickson, R.R., Mason, J.A., & Schlauch, R.S. Nov. 1990, 805–806.

Assessment

Acoustic analysis of voice in amyotrophic lateral sclerosis: A longitudinal case study. Ramig, L.O., Scherer, R.C., Klasner, E.R., Titze, I.R., & Horii, Y. Feb. 1990, 2–14.
Acoustic and psychophysical dimensions of perceived speech naturalness of nonstutterers and posttreatment stutterers. Metz, D.E., Schiavetti, N., & Sacco, P.R. Aug. 1990, 516–525.
Acoustical effects of endotracheal intubation. Yonick, T.A., Reich, A.R., Minifie, F.D., & Fink, B.R. Aug. 1990, 427–433.
Commentary on Perkins (1990) and Moore and Perkins (1990): On the valid role of reliability in identifying "what is stuttering." Ingham, R.J. Aug. 1990, 394–397.
A comparison of habitual and derived optimal voice fundamental frequency values in normal young adults. Britto, A.I., & Doyle, P.C. Aug. 1990, 476–484.
Impairment of speech intelligibility in men with amyotrophic lateral sclerosis. Kent, R.D., Kent, J.F., Weismer, G., Sufit, R.L., Rosenbek, J.C., Martin, R.E., & Brooks, B.R. Nov. 1990, 721–728.
An investigation into the relationship between anxiety and stuttering. Craig, A. May 1990, 290–294.
The Iowa Articulation Norms Project and its Nebraska replication. Smit, A.B., Hand, L., Freilinger, J.J., Bernthal, J.E., & Bird, A. Nov. 1990, 779–798.
Methodological variables affecting phonational frequency range in adults. Reich, A.R., Frederickson, R.R., Mason, J.A., & Schlauch, R.S. Feb. 1990, 124–131.
Phonational frequency range: Reply to Awan & Mueller (1990). Reich, A.R., Frederickson, R.R., Mason, J.A., & Schlauch, R.S. Nov. 1990, 805–806.
The relationship between psychopathology and speech and language disorders in neurologic patients. Sapir, S., & Aronson, A.E. Aug. 1990, 503–509.
Reply to "Treatment issues in severe dysarthria: Comments on Simpson, Till, & Goff." Simpson, M., Till, J., & Goff, A. May 1990, 365.
A SINDSCAL analysis of perceptual features for consonants produced by esophageal and tracheoesophageal talkers. Doyle, P.C., Danhauer, J.L., & Mendel, L.L. Nov. 1990, 756–760.
Speech-related reaction times of stutterers and nonstutterers: Diagnostic implications. Bakker, K., & Brutten, G.J. May 1990, 295–299.
Taxonomies in biology, phonetics, phonology, and speech motor control. Folkins, J.W., & Bleile, K.M. Nov. 1990, 596–611.

Acoustic Measures of Speech and Voice

Acoustic analysis of voice in amyotrophic lateral sclerosis: A longitudinal case study. Ramig, L.O., Scherer, R.C., Klasner, E.R., Titze, I.R., & Horii, Y. Feb. 1990, 2–14.
Acoustic and psychophysical dimensions of perceived speech naturalness of nonstutterers and posttreatment stutterers. Metz, D.E., Schiavetti, N., & Sacco, P.R. Aug. 1990, 516–525.
Acoustic validation of phonological knowledge and its relationship to treatment. Tyler, A.A., Edwards, M.L., & Saxman, J.H. May 1990, 251–261.
Acoustical effects of endotracheal intubation. Yonick, T.A., Reich, A.R., Minifie, F.D., & Fink, B.R. Aug. 1990, 427–433.
A comparison of habitual and derived optimal voice fundamental frequency values in normal young adults. Britto, A.I., & Doyle, P.C. Aug. 1990, 476–484.
Impairment of speech intelligibility in men with amyotrophic lateral sclerosis. Kent, R.D., Kent, J.F., Weismer, G., Sufit, R.L., Rosenbek, J.C., Martin, R.E., & Brooks, B.R. Nov. 1990, 721–728.
Intonation and fundamental frequency in male-to-female transsexuals. Wolfe, V.I., Ratusnik, D.L., Smith, F.H., & Northrop, G. Feb. 1990, 43–50.
Methodological variables affecting phonational frequency range in adults. Reich, A.R., Frederickson, R.R., Mason, J.A., & Schlauch, R.S. Feb. 1990, 124–131.
Phonational frequency range: Reply to Awan & Mueller (1990). Reich, A.R., Frederickson, R.R., Mason, J.A., & Schlauch, R.S. Nov. 1990, 805–806.

Intervention

Acknowledgment and severity of stuttering as factors influencing nonstutterers' perceptions of stutterers. Collins, C.R., & Blood, G.W. Feb. 1990, 75–81.
Acoustic validation of phonological knowledge and its relationship to treatment. Tyler, A.A., Edwards, M.L., & Saxman, J.H. May 1990, 251–261.
Clinical implications from Meyers (1989) on preschool stutterers and their conversational partners: Too much ado about null. Finn, P., & Gow, M. Feb. 1990, 172–173.
A comparison of habitual and derived optimal voice fundamental frequency values in normal young adults. Britto, A.I., & Doyle, P.C. Aug. 1990, 476–484.
Generalization to conversational speech. Elbert, M., Dinnsen, D.A., Swartzlander, P., & Chin, S.B. Nov. 1990, 694–699.
An investigation into the relationship between anxiety and stuttering. Craig, A. May 1990, 290–294.
Project Parent: A preschool speech program implemented through parents. Broen, P.A., & Westman, M.J. Aug. 1990, 495–502.
The relationship between psychopathology and speech and language disorders in neurologic patients. Sapir, S., & Aronson, A.E. Aug. 1990, 503–509.
Reply to "Treatment issues in severe dysarthria: Comments on Simpson, Till, & Goff." Simpson, M., Till, J., & Goff, A. May 1990, 365.
Tabletop versus microcomputer-assisted speech management: Response evocation phase. Shriberg, L.D., Kwiatkowski, J., & Snyder, T. Nov. 1990, 635–655.
Treatment issues in severe dysarthria: Comments on Simpson, Till, & Goff. Frumkin, J.R., & Cohen, C.G. May 1990, 364.

Instrumentation for Diagnosis, Treatment, and Research

Acoustic analysis of voice in amyotrophic lateral sclerosis: A longitudinal case study. Ramig, L.O., Scherer, R.C., Klasner, E.R., Titze, I.R., & Horii, Y. Feb. 1990, 2–14.
Acoustic validation of phonological knowledge and its relationship to treatment. Tyler, A.A., Edwards, M.L., & Saxman, J.H. May 1990, 251–261.
Acoustical effects of endotracheal intubation. Yonick, T.A., Reich, A.R., Minifie, F.D., & Fink, B.R. Aug. 1990, 427–433.
A comparison of habitual and derived optimal voice fundamental frequency values in normal young adults. Britto, A.I., & Doyle, P.C. Aug. 1990, 476–484.
Consistency of fundamental frequency and perturbation in repeated phonations of sustained vowels, reading, and connected speech. Fitch, J.L. May 1990, 360–363.
An investigation into the relationship between anxiety and stuttering. Craig, A. May 1990, 290–294.
Phonational frequency range: Reply to Awan & Mueller (1990). Reich, A.R., Frederickson, R.R., Mason, J.A., & Schlauch, R.S. Nov. 1990, 805–806.
Reply to "Treatment issues in severe dysarthria: Comments on Simpson, Till, & Goff." Simpson, M., Till, J., & Goff, A. May 1990, 365.
A SINDSCAL analysis of perceptual features for consonants produced by esophageal and tracheoesophageal talkers. Doyle, P.C., Danhauer, J.L., & Mendel, L.L. Nov. 1990, 756–760.
Tabletop versus microcomputer-assisted speech management: Response evocation phase. Shriberg, L.D., Kwiatkowski, J., & Snyder, T. Nov. 1990, 635–655.
Tempest in a *t*-test? A reply to Finn and Gow. Meyers, S.C. Feb. 1990, 173–174.

Nonspeech Communication Systems

Extended communication samples of augmented communicators II: Analysis of multiword sequences. Yorkston, K.M., Beukelman, D.R., Smith, K., & Tice, R. May 1990, 225–230.
Intelligibility of synthetic speech for normal-hearing and hearing-impaired listeners. Kangas, K.A., & Allen, G.D. Nov. 1990, 751–755.
Treatment issues in severe dysarthria: Comments on Simpson, Till, & Goff. Frumkin, J.R., & Cohen, C.G. May 1990, 364.

GENETIC SYNDROMES

The speech and language characteristics of children with Prader-Willi syndrome. Kleppe, S.A., Katayama, K.M., Shipley, K.G., & Foushee, D.R. May 1990, 300–309.

PALATAL LIFT MANAGEMENT

A child with signs of developmental apraxia of speech with whom a palatal lift prosthesis was used to manage palatal dysfunction. Hall, P.K., Hardy, J.C., & LaVelle, W.E. Aug. 1990, 454–460.

BRAIN INJURY IN CHILDREN

Expressive language recovery in severely brain-injured children and adolescents. Campbell, T.F., & Dollaghan, C.A. Aug. 1990, 567–581.

MULTIDIMENSIONAL SCALING

A SINDSCAL analysis of perceptual features for consonants produced by esophageal and tracheoesophageal talkers. Doyle, P.C., Danhauer, J.L., & Mendel, L.L. Nov. 1990, 756–760.

PROFESSIONAL AND GENERAL SCIENTIFIC ISSUES

PROFESSIONAL AFFAIRS

Service Provision Models and Problems

Patient compliance with cleft palate team regimens. Paynter, E.T., Jordan, W.J., & Finch, D.L. Nov. 1990, 740–750.

Incidence and Prevalence of Communication Disorders

Communication disorders and emotional/behavioral disorders in children and adolescents. Prizant, B.M., Audet, L.R., Burke, G.M., Hummel, L.J., Maher, S.R., & Theadore, G. May 1990, 179–192.

The incidence of communication disorders in dysphagic patients. Martin, B.J.W., & Corlew, M.M. Feb. 1990, 28–32.

Research Issues and Methodology

Comment on "Otitis media in early childhood and its relationship to later phonological development." Landis, L. Feb. 1990, 172.

The identification of language impairment in specifically language-impaired subjects. McCauley, R.J., & Demetras, M.J. Aug. 1990, 468–475.

An investigation into the relationship between anxiety and stuttering. Craig, A. May 1990, 290–294.

Interdisciplinary Concerns

Communication disorders and emotional/behavioral disorders in children and adolescents. Prizant, B.M., Audet, L.R., Burke, G.M., Hummel, L.J., Maher, S.R., & Theadore, G. May 1990, 179–192.

The incidence of communication disorders in dysphagic patients. Martin, B.J.W., & Corlew, M.M. Feb. 1990, 28–32.

Patient compliance with cleft palate team regimens. Paynter, E.T., Jordan, W.J., & Finch, D.L. Nov. 1990, 740–750.

PROFESSIONAL TRAINING

Education and Continuing Education

Communication disorders and emotional/behavioral disorders in children and adolescents. Prizant, B.M., Audet, L.R., Burke, G.M., Hummel, L.J., Maher, S.R., & Theadore, G. May 1990, 179–192.

Clinical Supervision and Interaction

Facilitating changes in supervisees' clinical behaviors: An experimental investigation of supervisory effectiveness. Gillam, R.B., Roussos, C.S., & Anderson, J.L. Nov. 1990, 729–739.

Counseling

Tempest in a *t*-test? A reply to Finn and Gow. Meyers, S.C. Feb. 1990, 173–174.

Verbal behaviors of preschool stutterers and conversational partners: Observing reciprocal relationships. Meyers, S.C. Nov. 1990, 706–712.

BIAS EFFECTS IN DECISION MAKING

Bias effects of socioeconomic status and sex in decision making in speech-language pathology. Franklin, K., & Grossman, F.M. Feb. 1990, 82–89.

UNDERSERVED POPULATION

Black English in a Mississippi prison population. Walton, J.H., McCardle, P., Crowe, T.A., & Wilson, B.E. May 1990, 206–216.

TITLE INDEX

"A spinach with a *V* on it": What 3-year-olds see in standard and enhanced Blissymbols. Raghavendra, P., & Fristoe, M. Feb. 1990, 149–159.

Acknowledgment and severity of stuttering as factors influencing nonstutterers' perceptions of stutterers. Collins, C.R., & Blood, G.W. Feb. 1990, 75–81.

Acoustic analysis of voice in amyotrophic lateral sclerosis: A longitudinal case study. Ramig, L.O., Scherer, R.C., Klasner, E.R., Titze, I.R., & Horii, Y. Feb. 1990, 2–14.

Acoustic and psychophysical dimensions of perceived speech naturalness of nonstutterers and posttreatment stutterers. Metz, D.E., Schiavetti, N., & Sacco, P.R. Aug. 1990, 516–525.

Acoustic characteristics of female tracheoesophageal speech. Trudeau, M.D., & Qi, Y. May 1990, 244–250.

Acoustic reflex thresholds in normal and cochlear-impaired ears: Effects of no response rates on 90th percentiles in a large sample. Gelfand, S.A., Schwander, T., & Silman, S. May 1990, 198–205.

Acoustic validation of phonological knowledge and its relationship to treatment. Tyler, A.A., Edwards, M.L., & Saxman, J.H. May 1990, 251–261.

Acoustical effects of endotracheal intubation. Yonick, T.A., Reich, A.R., Minifie, F.D., & Fink, B.R. Aug. 1990, 427–433.

Analogical learning and transfer in language-impaired children. Kamhi, A.G., Gentry, B., Mauer, D., & Gholson, B. Feb. 1990, 140–148.

Aphasic and non-brain-damaged adults' descriptions of aphasia test pictures and gender-biased pictures. Correia, L., Brookshire, R.H., & Nicholas, L.E. Nov. 1990, 713–720.

Aphasic subjects' comprehension of synthetic and natural speech. Huntress, L.M., Lee, L., Creaghead, N.A., Wheeler, D.D., & Braverman, K.M. Feb. 1990, 21–27.

Bias effects of socioeconomic status and sex in decision-making in speech-language pathology. Franklin, K., & Grossmar, F.M. Feb. 1990, 82–89.

Black English in a Mississippi prison population. Walton, J.H., McCardle, P., Crowe, T.A., & Wilson, B.E. May 1990, 206–216.

Characterization of tinnitus by tinnitus patients. Stouffer, J.L., & Tyler, R.S. Aug. 1990, 439–453.

A child with signs of developmental apraxia of speech with whom a palatal lift prosthesis was used to manage palatal dysfunction. Hall, P.K., Hardy, J.C., & LaVelle, W.E. Aug. 1990, 454–460.

Clinical implications from Meyers (1989) on preschool stutterers and their conversational partners: Too much ado about null. Finn, P., & Gow, M. Feb. 1990, 172–173.

Comment on "Concomitant speech and language disorders in stuttering children: A critique of the literature." Wall, M.J. Nov. 1990, 802.

Comment on "Methodological variables affecting phonational frequency range in adults." Awan, S.N., & Mueller, P.B. Nov. 1990, 804–805.

Comment on "Otitis media in early childhood and its relationship to later phonological development." Landis, L. Feb. 1990, 172.

Commentary on Perkins (1990) and Moore and Perkins (1990): On the valid role of reliability in identifying "what is stuttering." Ingham, R.J. Aug. 1990, 394–397.

Comments on "Concomitant speech and language disorders in stuttering children: A critique of the literature." Starkweather, C.W. Nov. 1990, 802–803.

Communication disorders and emotional/behavioral disorders in children and adolescents. Prizant, B.M., Audet, L.R., Burke, G.M., Hummel, L.J., Maher, S.R., & Theadore, G. May 1990, 179–192.

A comparison of habitual and derived optimal voice fundamental frequency values in normal young adults. Britto, A.I., & Doyle, P.C. Aug. 1990, 476–484.

Comprehension monitoring in language-disordered children: A preliminary investigation of cognitive and linguistic factors. Skarakis-Doyle, E.A., & Mullin, K. Nov. 1990, 700–705.

Comprehension of reversible sentences in specifically language-impaired children. Van der Lely, H.K.J., & Harris, M. Feb. 1990, 101–117.

Comprehension of social-action games in prelinguistic children: Levels of participation and effect of adult structure. Platt, J., & Coggins, T.E. May 1990, 315–326.

Concomitant speech and language disorders in stuttering children: A critique of the literature. Nippold, M.A. Feb. 1990, 51–60.

Consistency of fundamental frequency and perturbation in repeated phonations of sustained vowels, reading, and connected speech. Fitch, J.L. May 1990, 360–363.

Consonant-vowel interaction in an unusual phonological system. Wolfe, V.I., & Blocker, S.D. Aug. 1990, 561–566.

Correction to "Maternal question use predicts later language development in specific-language-disordered children." Yoder, P.J. May 1990, 365.

Delayed recall deficits in aphasic stroke patients: Evidence of Alzheimer's dementia? Bayles, K.A., & Tomoeda, C.K. May 1990, 310–314.

A descending LOT-Bekesy screening test for functional hearing loss. Chaiklin, J.B. Feb. 1990, 67–74.

Description of laryngeal pathologies in children evaluated by otolaryngologists. Dobres, R., Lee, L., Stemple, J.C., Kummer, A.W., & Kretschmer, L.W. Aug. 1990, 526–532.

Direct early intervention with stuttering: Some preliminary data. Onslow, M., Costa, L., & Rue, S. Aug. 1990, 405–416.

Distinctive feature scoring of the California Consonant Test. Feeney, M.P. May 1990, 282–289.

Effects of a pragmatic teaching strategy for requesting information by communication board users. Angelo, D.H., & Goldstein, H. May 1990, 231–243.

The effects of rate control on the intelligibility and naturalness of dysarthric speech. Yorkston, K.M., Hammen, V.L., Beukelman, D.R., & Traynor, C.D. Aug. 1990, 550–560.

Effects of repair strategies on visual identification of sentences. Tye-Murray, N., Purdy, S.C., Woodworth, G.G., & Tyler, R.S. Nov. 1990, 621–627.

Expressive language recovery in severely brain-injured children and adolescents. Campbell, T.F., & Dollaghan, C.A. Aug. 1990, 567–581.

Extended communication samples of augmented communicators I: A comparison of individualized versus standard single-word vocabularies. Yorkston, K.M., Smith, K., & Beukelman, D. May 1990, 217–224.

Extended communication samples of augmented communicators II: Analysis of multiword sequences. Yorkston, K.M., Beukelman, D.R., Smith, K., & Tice, R. May 1990, 225–230.

Facilitating changes in supervisees' clinical behaviors: An experimental investigation of supervisory effectiveness. Gillam, R.B., Roussos, C.S., & Anderson, J.L. Nov. 1990, 729–739.

Familial phonological disorders: Four pedigrees. Lewis, B.A. Feb. 1990, 160–170.

Fast mapping of words in event contexts by children with Down syndrome. Chapman, R.S., Kay-Raining Bird, E., & Schwartz, S.E. Nov. 1990, 761–771.

Fast mapping word-learning abilities of language-delayed preschoolers. Rice, M.L., Buhr, J.C., & Nemeth, M. Feb. 1990, 33–42.

Generalization to conversational speech. Elbert, M., Dinnsen, D.A., Swartzlander, P., & Chin, S.B. Nov. 1990, 694–699.

Generalized learning of receptive and expressive action-object responses by language-delayed preschoolers. Mineo, B.A., & Goldstein, H. Nov. 1990, 665–678.

Gratitude, good intentions, and red herrings: A response to commentaries. Perkins, W.H. Aug. 1990, 402–404.

Hyperacusis and otitis media in individuals with Williams syndrome. Klein, A.J., Armstrong, B.L., Greer, M.K., & Brown, F.R., III. May 1990, 339–344.

The identification of language impairment in specifically language-impaired subjects. McCauley, R.J., & Demetras, M.J. Aug. 1990, 468–475.

Impairment of speech intelligibility in men with amyotrophic lateral sclerosis. Kent, R.D., Kent, J.F., Weismer, G., Sufit, R.L., Rosenbek, J.C., Martin, R.E., & Brooks, B.R. Nov. 1990, 721–728.

The incidence of communication disorders in dysphagic patients. Martin, B.J.W., & Corlew, M.M. Feb. 1990, 28–32.

Intelligibility of synthetic speech for normal-

hearing and hearing-impaired listeners. Kangas, K.A., & Allen, G.D. Nov. 1990, 751–755.
Intonation and fundamental frequency in male-to-female transsexuals. Wolfe, V.L., Ratusnik, D.L., Smith, F.H., & Northrop, G. Feb. 1990, 43–50.
An investigation into the relationship between anxiety and stuttering. Craig, A. May 1990, 290–294.
The Iowa Articulation Norms Project and its Nebraska replication. Smit, A.B., Hand, L., Freilinger, J.J., Bernthal, J.E., & Bird, A. Nov. 1990, 779–798.
The language of children with spina bifida and hydrocephalus: Meeting task demands and mastering syntax. Byrne, K., Abbeduto, L., & Brooks, P. Feb. 1990, 118–123.
Linguistic humor comprehension of normal and language-impaired adolescents. Spector, C.C. Aug. 1990, 533–541.
Maternal recasts and other contingent replies to language-impaired children. Conti-Ramsden, G. May 1990, 262–274.
Methodological variables affecting phonational frequency range in adults. Reich, A.R., Frederickson, R.R., Mason, J.A., & Schlauch, R.S. Feb. 1990, 124–131.
The modified tongue-anchor technique as a screening test for velopharyngeal inadequacy: A reassessment. Dalston, R.M., Warren, D.W., & Dalston, E.T. Aug. 1990, 510–515.
Nonverbal indicants of comprehension monitoring in language-disordered children. Skarakis-Doyle, E., MacLellan, N., & Mullin, K. Aug. 1990, 461–467.
Normative data in quiet, broadband noise, and competing message for Northwestern University Auditory Test No. 6 by a female speaker. Wilson, R.H., Zizz, C.A., Shanks, J.E., & Causey, G.D. Nov. 1990, 771–778.
On pluttering, skivering, and floggering: A commentary. Bloodstein, O. Aug. 1990, 392–393.
Parents' use of Signing Exact English: A descriptive analysis. Moeller, M.P., & Luetke-Stahlman, B. May 1990, 327–338.
Partner sensitivity to communication behavior of young children with developmental disabilities. Wilcox, M., Kouri, T., & Caswell, S. Nov. 1990, 679–693.
Patient compliance with cleft palate team regimens. Paynter, E.T., Jordan, W.J., & Finch, D.L. Nov. 1990, 740–750.
Perceptual characteristics of consonant productions by apraxic speakers. Odell, K., McNeil, M.R., Rosenbek, J.C., & Hunter, L. May 1990, 345–359.
Phonational frequency range: Reply to Awan & Mueller (1990). Reich, A.R., Frederickson, R.R., Mason, J.A., & Schlauch, R.S. Nov. 1990, 805–806.
Phoneme-specific nasal emission in children with and without physical anomalies of the velopharyngeal mechanism. Peterson-Falzone, S.J., & Graham, M.S. Feb. 1990, 132–139.
Project Parent: A preschool speech program implemented through parents. Broen, P.A., & Westman, M.J. Aug. 1990, 495–502.
Range of intensities yielding PB Max and the threshold for monosyllabic words for hearing-impaired subjects. Beattie, R.C., & Zipp, J.A. Aug. 1990, 417–426.
The relationship between communication problems and psychological difficulties in persons with profound acquired hearing loss. Knutson, J.F., & Lansing, C.R. Nov. 1990, 656–664.
The relationship between psychopathology and speech and language disorders in neurologic patients. Sapir, S., & Aronson, A.E. Aug. 1990, 503–509.
The reliability of functional gain. Humes, L.E., & Kirn, E.U. May 1990, 193–197.
Reply to Wall and Starkweather. Nippold, M.A. Nov. 1990, 803–804.
Reply to "Treatment issues in severe dysarthria: Comments on Simpson, Till, & Goff." Simpson, M., Till, J., & Goff, A. May 1990, 365.
A request for clarification of *Huh?*, *What?*, and *I didn't understand that*. Meline, T.J. Feb. 1990, 171.
A response to Dr. Meline's request for clarification. Brinton, B., & Fujiki, M. Feb. 1990, 171–172.
Response to Hamre. Robin, D.A. Nov. 1990, 801–802.
A SINDSCAL analysis of perceptual features for consonants produced by esophageal and tracheoesophageal talkers. Doyle, P.C., Danhauer, J.L., & Mendel, L.L. Nov. 1990, 756–760.
Sources of variability contributing to test-retest differences in threshold-based Articulation Indices. Mason, D., & Rochman, A. May 1990, 275–281.
Speech analyses of four children with repaired cleft palates. Powers, G.P., Dunn, C., & Erickson, C.B. Aug. 1990, 542–549.
The speech and language characteristics of children with Prader-Willi syndrome. Kleppe, S.A., Katayama, K.M., Shipley, K.G., & Foushee, D.R. May 1990, 300–309.
Speech and language correlates of adults' judgments of children. Burroughs, E.I., & Tomblin, J.B. Aug. 1990, 485–494.
Speech and language development after infant tracheostomy. Hill, B.P., & Singer, L.T. Feb. 1990, 15–20.
Speech naturalness ratings of treated stutterers. Runyan, C.M., Bell, J.N., & Prosek, R.A. Aug. 1990, 434–438.
Speech-related reaction times of stutterers and nonstutterers: Diagnostic implications. Bakker, K., & Brutten, G.J. May 1990, 295–299.
Spoken and written English errors of postsecondary students with severe hearing impairment. McAfee, M.C., Kelly, J.F., & Samar, V.J. Nov. 1990, 628–634.
Subcortical lesions and aphasia. Robin, D.A., & Schienberg, S. Feb. 1990, 90–100.
Tabletop versus microcomputer-assisted speech management: Response evocation phase. Shriberg, L.D., Kwiatkowski, J., & Snyder, T. Nov. 1990, 635–655.
Taxonomies in biology, phonetics, phonology, and speech motor control. Folkins, J.W., & Bleile, K.M. Nov. 1990, 596–611.
Tempest in a *t*-test? A reply to Finn and Gow. Meyers, S.C. Feb. 1990, 173–174.
Toward a comprehensive theory of stuttering: A commentary. Smith, A. Aug. 1990, 398–401.
Treatment issues in severe dysarthria: Comments on Simpson, Till, & Goff. Frumkin, J.R., & Cohen, C.G. May 1990, 364.
Validity and reliability of judgments of authentic and simulated stuttering. Moore, S.E., & Perkins, W.H. Aug. 1990, 383–391.
Verbal behaviors of preschool stutterers and conversational partners: Observing reciprocal relationships. Meyers, S.C. Nov. 1990, 706–712.
Very persistent subcortical aphasia. Hamre, C.E. Nov. 1990, 799–801.
Vibratory characteristics of Teflon-injected and noninjected paralyzed vocal folds. Watterson, T., McFarlane, S.C., & Menicucci, A.L. Feb. 1990, 61–66.
Video narration as a language sampling context. Dollaghan, C.A., Campbell, T.F., & Tomlin, R. Aug. 1990, 582–590.
What is stuttering? Perkins, W.H. Aug. 1990, 370–382.
Who shall be called language disordered? Some reflections and one perspective. Lahey, M. Nov. 1990, 612–620.
